

OKLAHOMA CITY IN GALA ATTIRE

Turn From Business Pursuits to Celebrate Americanization Day.

(By the Associated Press.)
OKLAHOMA CITY, April 28.—The ordinary pursuit of industry to give proof of her Americanism. Pursuant to the proclamation issued by Governor Robertson, calling on the state to devote the day to a renewal of its pledge of patriotism, citizens in all parts of the state are forsaking business to take part in parades, gatherings and other manifestations of fealty to the United States.

In practically every city in the state some expression of Americanism is being given and many rural districts are refusing to be outdone, the people gathering at the district school houses for speaking and other patriotic observances.

Okla. City was decked in flags and bunting. A huge parade, the beginning of the city's day of celebration, started at 11 o'clock. At noon there was an old-fashioned basket dinner at a city park and at one the speaking program began. Ed Vought, Senator Luther Harrison, S. H. Harkett and General Roy Hoffman were the speakers.

FRANCE SEES LITTLE CHANCE TO SETTLE

(By the Associated Press.)
LONDON, April 28.—Reuter's Limited today announced it had learned that France had instructed Ambassador Jusserand in Washington to thank the United States government "for its assurance that the United States would not deliver the German reparations note without the approval of the allies."

France added, the news agencies say, that it could not approve the proposals or see in them a basis for a possible settlement.

Paris dispatches Wednesday night stated that Ambassador Jusserand had been informed by the French government that the German reparations proposals, as transmitted to Washington, were absolutely unacceptable, the French view being that they marked rather a step backward than any advance toward a satisfactory settlement.

Eleven Found With Throats Cut Mystery In Strange Case of Horse Murder

OKLAHOMA CITY, April 27.—The city's greatest "murder mystery" was under investigation Tuesday by Detective John Hubatka.

Eleven horses have been found, one by one, in the pasture of G. W. Long, east of the city. All had their throats slit from ear to ear.

The "murderer" is believed to be a maniac.

The last animal to be "murdered" was a beautiful mare, found Sunday. A strange horse was calmly eating grass in the pasture.

Always Same Method.

Other "horse murders" have been reported in various parts of the city. The death wound has always been the same.

The first murdered animal was found by Long a year ago. Since then five horses ranging his pasture have been killed and six strange animals have been led there to be murdered.

A "twich" used on a horse's nose, smeared with blood was found near the latest victim. Finger prints were on the handle.

Just a year ago a "family horse" owned by W. J. Henry, 208 East 11th St., was found dead in the Henry barn. Two other horses were found in the city that morning with their throats cut. Since then the activities of the "murderer" have been restricted to the Long pasture, so far as Detective Hubatka can ascertain.

Blood-lust Theory.

Two theories are being worked on by Hubatka. One is that the

ATLANTIC FLEET IN REVIEW TODAY

More Than 60 Ships of War Will Pass Before President.

(By the Associated Press.)
OLD POINT COMFORT, Va., April 28.—The Atlantic fleet bringing back a new record of accomplishment from its southern drill ground, passed in ceremonial review before President Harding today.

More than 60 ships of war led by the flagship Pennsylvania were in the long column that filed by to pay a commander in chief honors to the president, as he stood with Secretary Denby and a party of officials on the bridge of his yacht, the Mayflower.

It was a few minutes past 9 when the Pennsylvania, passing the reviewing ship, opened up the thunder of her presidential salute and before the 21 guns had been spent the next ship in line took up the firing, which the Mayflower acknowledged. The cannonade continued in an almost unbroken roar until the review was over. It was Mr. Harding's first review of any part of the nation's sea powers since he assumed office, and it was said the navy's first opportunity to salute him.

FRANCE'S SPECIAL ENVOY SPEAKS WELL OF AMERICA

(By the Associated Press.)
PARIS, April 28.—Rene Viviani, French special envoy to the United States, spoke most optimistically of the future of Franco-American relations in interviews with Paris newspapers, according to this morning's newspapers, following his return yesterday from America.

"I bring back more than hope, the certainty of the very early collaboration of France and America, both on diplomatic and financial grounds," the ex-premier is quoted as saying.

NO REASON TO LOWER WAGES SAY LEADERS

CHICAGO, April 28.—Reduction of railroad wages would impair the standard of American living and could have no justification in "ethics, economic reasons, or the cold concrete facts of present day industrial life," it was declared by B. M. Jewell, head of the railroad labor board, who opened the employment fight to maintain present wage schedules before the railroad labor board today.

Contention of the railroads that the cost of living had declined since the wage award of July, 1920, were met with the reply that the award was based on the prices of December, 1919, and not on those of July 1920, the peak of high prices. Mr. Jewell declared that it would require three years for railroad employees, at their present wages, to recoup the losses sustained during the war period, "by the failure of their earnings to keep pace with the increased cost of living."

SCHOOL MEN TO HAVE MEETING

County Superintendents of State Will Meet at Oklahoma City.

A state meeting of the county superintendents of schools will be held in Oklahoma City on May 5th and 6th.

Some of the subjects to be considered at the conference and which have been assigned to different members are as follows:

Amendment to the constitution as authorized by joint resolution number eight; consolidated schools and the importance of making maps of counties for future consolidation; announcement of all new school measures passed by the eighth legislature; how to keep seventh and eighth grade pupils in school until they finish; shall we insist on O. E. A. membership on improving contracts for the coming year; importance of getting teachers to enroll early; how to do dental and health work in the county schools.

On Friday of the conference, will be held the state spelling and penmanship contest, and on Saturday, the state athletic field meet will be held at Norman.

Last Minute Telegraph

(By the Associated Press.)
Dempsey Into Training.
NEW YORK, April 29.—Champion Jack Dempsey today began formal training at Summit, New Jersey, for his match with Georges Carpentier in Jersey City, July 2.

Farm Credit Survey.

WASHINGTON, April 28.—Governor Harding of the federal reserve board announced today that he would begin work next week on a personal survey of the farm credit situation in the middle west and southwest.

Germans to Agree.

BERLIN, April 28.—A semi-official statement was issued today suggesting that the German government was willing to modify its reparations proposals if asked by Washington to do so and that by such action a basis of agreement could be reached.

Disabled Soldier Probe.

WASHINGTON, April 28.—Investigation by a special senate committee of conditions among disabled soldiers and the administration of soldier relief is proposed in a resolution introduced today by Senator Walsh, democrat. The committee to be composed of five members, would be charged specially with an inquiry into the work of the war risk bureau, the federal board for vocational education and other relief agencies.

The Swiss Bell Ringers are coming to Ada for one day and will give their program at the McSwain theater. They will be here Saturday of this week and play many different instruments.

Buildings and office rooms are hard to get here now. Almost every vacant building in the city is being filled with some business and those that are now being used are leased and will be filled in the near future.

Americanism Day Observed in Ada For Thirty Seconds

Attention!
It was not the voice of man but the shrill of many whistles which uttered the command that brought Ada to attention, at 11 o'clock this morning. The great surge of humanity which thronged the busy streets first slowed down and many asked "What mean the whistles?" As the story passed from lip to lip and heart to heart the crowds came to a full stop in honor of Americanism Day and devoted their attention to patriotic thoughts.

When the 30 second period requested to be observed by the mayor had expired, the high school cadet band marched to the center of Main and Broadway, playing a patriotic air, and as the last note died away, Dr. Clyde Calhoun Morris mounted the platform of an auto truck and offered up a eloquent prayer of thanks for America and the spirit of Americanism manifested by her citizens.

A large crowd blocked all traffic on the two streets and a great cheer greeted the introduction of Hon. Tom D. McKeown, who made a brief address in which he referred to the gallant service rendered by American soldiers during the world war and pledged a new faith in America and her people. He also called attention to the great menace brought to our shores by men of foreign birth, who come to America that they may enjoy their God given rights more fully than at home, and before they get the brogue washed from their voices, begin to howl for radical changes in our government.

A great cheer greeted the statement that such persons should be promptly deported at the first indication of dissatisfaction with American institutions on their part. The speaker said it is a lamentable fact that the citizens of Ada had failed to provide a meeting place for the American Legion post, as has been done by most other cities of the state, and urged that those who were benefited by the sacrifices of the soldiers at the fighting front show their appreciation by providing a suitable meeting place for the organization.

Following Mr. McKeown's speech the crowd, led by A. L. Pentem and the band, joined in singing with much spirit the opening verse of "The Star Spangled Banner," and, following a benediction by Dr. Morris, the crowd separated.

At a meeting of the Junior Auxiliary of the Presbyterian church of Ada, Oklahoma, the following resolutions were adopted:

Whereas God in His infinite wisdom has sent His death angel and taken from our midst Mrs. Paul E. Alderson, one of our fairest daughters and beloved co-worker, we, the members of the Junior Auxiliary, extend to her loved ones our deepest sympathy.

Be it further resolved that this organization has lost one of its most valued members, we feel that her unselfish life and devotion to her friends and loved ones should be an example for us to emulate.

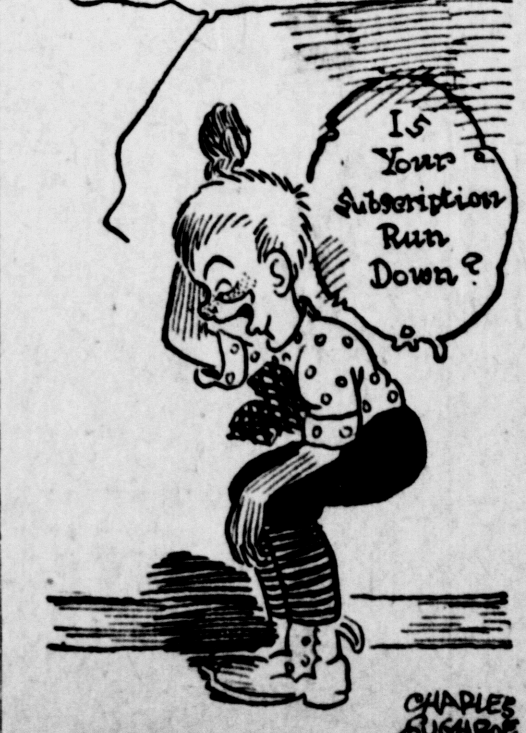

It is further resolved that a copy of these resolutions be sent to her husband, Mr. Paul E. Alderson, and to her parents, Mr. and Mrs. W. W. Sledge, and that a copy be given the Ada Evening News and that same be placed upon the records of the Society.

Dated at Ada, Oklahoma, April 25, 1921.

T. O. Cullins is in receipt of a wire from his son, T. O. Cullins, Jr., from Cuba, to the effect that he will leave New York next Sunday for a ten days visit home. Young Cullins has just returned from a six months cruise to South America, and after he finishes his visit here and returns to New York he will start on a long cruise which will take him to Africa for a long stay.

HALE-HALSELL COMING TO ADA

Will Erect Large Wholesale House on East Main Street.

Tom Hale, president, and J. C. Meaders, secretary-treasurer, respectively, of the Hale-Halsell Co., wholesale grocers, are in the city today and announce that they have purchased a one hundred foot front by two hundred forty foot deep from the Katy railroad officials on East Main, just west of the tracks on the south side of the street, and will begin immediately the erection of one of the largest wholesale grocery houses in the state.

The Hale-Halsell people have had their eye on Ada for some time, but the oil boom no doubt spurred them to action and it was decided last Saturday to take Ada by storm and start operations here at once.

The deal for the real estate has been all closed up, the men are today contracting for material, and Mr. Hale stated to a News reporter that they would try and be able to break dirt for the new building some time next week at the latest.

The close proximity to the Katy tracks makes the location ideal, and it is understood that trucking arrangements have already been concurred with the railroad officials.

The Hale-Halsell company is no doubt the biggest and strongest wholesale grocery concern in the entire southwest, and they already have stores in operation in McAlester, Muskogee, Durant, Hugo, Tulsa, Coalgate and Holdenville, and Ada will make the 8th store for the concern in this state.

Mr. J. C. Meaders is a former resident of Ada and has been an Ada booster for all these years. He is well known here and has a host of friends who are always glad to see him. They will be especially pleased that his house has seen fit to locate in Ada, and it is certain that the Hale-Halsell people will find a lucrative field for operation.

Harding's Best Literary Production

A Tribute to "Hub," a Boston Terrier

Back in the days when Warren G. Harding was merely the editor of the Marion Daily Star and only an ultra-optimistic few of his fellow townsmen expected him ever to become President of the United States, there was a little dog who loved this beetle-browed man above every other living thing. This was Hub, a Boston terrier.

One day last summer, when the republican presidential candidate had been complimented upon one of his best speeches, he mentioned Hub and said:

The best thing I ever wrote was an obituary for my dog. I felt that, and anybody can write when he feels very strongly upon his subject. Some day I'll find a copy of that tribute to my dog, and you'll agree with me that it was good.

Recently George Van Fleet, managing editor of the Star and the sole boss while the owner is in Washington, found the obituary of Hub in the newspaper files and sent a copy to the White House. Here it is:

Edgewood Hub in the register, a mark of his breeding; but to us just Hub, a little Boston terrier, whose sentient eye mirrored the fidelity and devotion of his loyal heart. The veterinary said he was poisoned; perhaps he was. His mite suffering suggested it. One is reluctant to believe that a human being who claims man's estate could be so hateful a coward as to ruthlessly torture and kill a trusting victim, made defenseless through his confidence in the human master, but these are such. One honest

BEGIN LOWERING OF CASING TODAY

Syndicate Will Pay no More Attention to Questionable Lawsuits.

Declaring that they would pay no more attention to persons who are trying to retard progress and get money from them by starting questionable lawsuits, members of the Carter-Nance-LaSelle syndicate today ordered the drillers to begin lowering the five and 3-16 inch casing and announced that the well on the Burk farm in 32-5-5 would be brought in with as little delay as possible.

The oil bearing sand was found at a depth of 1,760 feet and operations at the well were suspended as soon as the sand was topped. There are 95 feet of open hole above the sand it is possible that some little trouble will be encountered due to caving of the unprotected hole, but the drillers expect to have all of the pipe in, by tomorrow evening.

It is expected that the portion of the hole which is open was drilled through a black shale formation, almost a full 95 feet. The flow of the well at times has indicated that there has been some caving, but a full knowledge of the nature of the formation has kept the owners from becoming alarmed.

It has been suggested that the well will be drilled in before the close of this week, but the owners have made no definite statement as to their plans. Several of the leading oil men have returned to their homes in various states, leaving their representatives here to keep them posted on developments, but it is thought that most of them will return to the city within the next day or so, to be present when the sand is tapped.

A number of the largest deals ever made in Pontotoc county have been made during the last ten days, both in oil and gas leases and in city property. Everyone is encouraged by reports which continue to come from the well and it is said that the real, big, exciting time will come for Ada when the drillers tear into the sand and learn for sure what it contains.

GERMANY'S PLANS STILL CONFUSING

LONDON, April 28.—Germany's attempt to clarify certain of her reparations proposals in compliance with the request of the British foreign office yesterday, was said in official circles today to have resulted in even greater confusion. Great Britain has asked for further explanations and the interchanges are continuing although they are said to be entirely informal.

The present proposition of Great Britain is understood to be that the proposals are still "sketchy" and very unsatisfactory.

Belgium representatives were quoted by Reuter's Limited as stating that the last German proposals "were not even worthy of discussion."

BRAXTON, MISS., IS WIPED OUT

Cyclone Leaves Nothing but Wreck of Former City Standing.

HATTIESBURG, Miss., April 27.—Dispatches today from Braxton, Mississippi, virtually wrecked by a storm yesterday, placed the number of known dead at eight, with unverified reports of other deaths which may increase the number of fatalities to twice the number. Twenty-three persons are known to have been injured. Troops arrived early today from Jackson and took charge of the situation. The town was virtually swept out of existence, a heap of smoking ruins and hardly a standing structure marking the townsite today. The storm struck with just one great roar and the twisting winds hurled the little town almost into ruins, among which lay the bodies of the dead and injured.

Survivors struggled to the town of Gulo where they gave the first word of the disaster. Railroad officials then spread the news and the work of rescue and aid was rushed forward with state troops sent to take charge.

APPROPRIATION BILLS UP TODAY

OKLAHOMA CITY, April 28.—Discussion of the institutional appropriation bill was expected to begin today in the house of representatives of the Oklahoma legislature. The house committee on appropriations yesterday directed that the bill as amended in committee be printed and it is thought copies will be ready for distribution to house members today. Debate is to begin thereafter. The institutional bill was cut approximately four hundred thousand dollars by the committee from the original amount of \$91,484,270.

The house appropriation committee is expected today to begin consideration of the appropriation bill for maintenance of state departments for the next two years. Report on soldier bills, is also expected in the house today.

The senate today is expected to continue its discussion of the departmental appropriations.

GERMAN PROPOSALS STILL CONSIDERED

BERLIN, April 28.—Possibility that the German reparations proposals may be rejected was reflected in press comment on the situation here yesterday, the Vorwaerts saying that in all probability the German government would be called upon to further alter its terms "if it hopes to achieve success with them."

"The government," the newspaper added, "has taken a stony path, and has not yet arrived at its end."

THE LAW OF RETALIATION.

In applied psychology there is a law called the Law of Retaliation. Through the operation of this law you are constantly causing others to think of you as you think of them and to act toward you as you act toward them.

There is nothing occult or mysterious about this law. You have seen it operate every time you gave another person a present, because that person immediately began to look for a way to "retaliate" or return the favor. You have also seen the law operate every time you did another person an injury, whether with or without cause.

This law is very much in evidence around Christmas and birthday time, when Christmas presents are the order of the day and birthdays are being remembered with parties and presents. What a wonderful thing it would be if this spirit prevailed throughout the year.

This law works in connection with your job, regardless of the nature of the work you are performing. If you perform more work and better work than you are paid to perform it will be but a short time until the person for whom you are working whether it is an individual, a firm or the public, will begin to "retaliate" in proportion to the service you render.

This law is very largely responsible for the success of the red-headed, freckled-faced boy who comes from the country, goes to work as office boy or errand runner, and soon advances on up the ladder to a position of responsibility and good pay. "Having no better sense" than to do more than he was paid to do has carried many a young fellow over the heads of those wise ones who knew how to stop when the had performed as much service as the day's work called for.

You cannot escape the results of this Law of Retaliation. It works whether you want it to or not, for you or against you, according to the intelligence with which you direct it. It is constantly carrying you on toward a greater success or pushing you back further into the rear of that great mass of struggling humanity constituting the rank and file of the "never-do-wells!"

It may seem unjust to work harder and put in more hours than you are paid for, particularly if the person or firm for which you work is unappreciative, but if you do this your pay comes by reason of the fact that this becomes a habit with you and sooner or later you are sure to attract the attention of someone who will offer you a bigger place and better pay. The world is ever in search of the man and the woman, both the young and the old, who know enough about the operation of the Law of Retaliation to perform more work and better work than is, for the time being, paid for. Fortunate, indeed, will be all who read this, think about it, see its logic and put it into use at once.

POWER OF ENVIRONMENT.

Environment can undo in a week all that evolution has done in a million years. One week of war will take the most refined man back to the stone age.

Soldiers who have seen the sight, tell us that one week of hand to hand trench fighting will so transform men that a boy of eighteen and a man of forty closely resemble each other. In the face of each you may see that weird, hunted animal look—that same blank stare—that same lack of expression—that same haggardness.

On the other hand, an infant taken from the head-hunters of the Philippines and brought up in a modern American home, under the enlightened environment, will show but few, if any, of the tendencies of its parents.

One of these days, when the world begins to learn the advantages and the disadvantages of certain environments, we will stop herding our so-called criminals together in such a way that the tendencies of the bad are absorbed by the merely unfortunate.

Also we are going to learn the advantage of providing the right sort of environment for those who work in shops, stores, offices and fields. We are going to learn that a worker's productiveness is lowered or raised according to the appropriateness of the environment in which he works.

We are going to learn that it is a poor poor policy to make the gathering of the family around the dining table an occasion for chastising the children for their badness. We are going to learn that the child develops its most lasting emotions and qualities from the environment of the dining room in his home.

If the eyes and ears are kept out of other people's business, the nose will follow suit.

Risky business, bootlegging—the law is likely to get the drop on you.

The Forum of the Press

Oklahoman: The finding of a pot of gold in a Virginia furrow lends new interest to this long-delayed movement of back to the farm.

Ardmoreite: Every cloud has its silver lining. The daily rains, with the nightly precipitations are keeping down all talk about a water famine and the drying up of the city lake. In the meanwhile the season of the year is at hand when the fishes bite.

Bartlesville Enterprise: A newspaper's trouble with its public comes largely from the fact that many people who regard themselves as front page, scare-head material really belong inside and well toward the bottom of the column.

Vinita Journal: A Chicago girl was told to keep her mouth shut while bandits held up her and a companion and relieved them of cash and jewelry. After the bandits left the girl opened her mouth and took out a big diamond. We dare say that if a little mouse had appeared on the scene the diamond would have been lost.

Shawnee News: Just as signs began to indicate that there might be an early drop in the price of news print paper along comes the announcement that a strike of approximately 25,000 men employed in the mills of this country and Canada will take place, those in six of the largest mills going out May 1 and the remainder on the 11th. The mills first effected are the ones which supply practically every daily newspaper in this state.

Farm and Ranch: Lincoln said that this government was "Of the people, for the people and by the people." If this statement holds good in 1921, then our official representatives at Washington should lose no time in presenting a concrete plan of disarmament to the other powers of the world. In doing so they will undoubtedly correctly interpret the will of the majority of the people of this nation and earn the gratitude of the people of the world.

Dubinsky's Stock Show Will Give Big Play Friday Night

The rain last evening was no hindrance to the good attendance at the Dubinsky Brothers show in their waterproof tent on East Main street. There was a large crowd present and the play was greatly enjoyed by all. They are showing every night this week and have a complete change in program every night, including the music by the noted jazz orchestra.

Tomorrow night is to be the big night of their showing here and they will give a bigger, better and more entertaining show at this time than ordinary. The title of the play to be given is "The Shop lift."

ers," and the plot is so planned that a good idea is to be gotten as to the operations of the shop lifters that infect every town. It is said to be a very interesting play full of thrills throughout.

This is a show that has been making this city for several seasons and they are among the foremost tent stock shows in the country. They always entertain and their orchestra is much better than that it ever has been.

Debating Teams of Normals Will Meet Tomorrow Evening

The Inter-Normal debate will be held tomorrow night with every Normal school in the state taking part. The East Central Normal is planning to be strongly represented in this meet and have two teams who are to fight for the honors.

These two teams, one of the negative side and the other taking the affirmative have been under training with Mr. Davis in charge. After winning from the girls of the O. B. U. of Shawnee they feel assured of giving their opponents a good race for the honors and are anxious for the combat.

The subject will be "Resolved: That an open shop labor policy is preferable to a closed shop policy." The Normal negative team will meet the Tahlequah Normal here and the affirmative team will go to Durant. The Tahlequah boys with their coach will arrive in the city tonight.

When Grandmother Was a Girl

Hoop skirts were worn by those who first asked the druggist for, and insisted on having the genuine Golden Medical Discovery put up by Dr. Pierce over 50 years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were over fifty years ago. Nearly a million bottles were sold last year. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package tablets.

Pure Butter Is Rich in Those Life-Giving Vitamines

Vitamines—the vigor-building, health-producing factor in food—are absolutely essential to a wholesome diet. Butter is one of the richest sources of vitamins. Substitutes for butter contain none of these mysterious but necessary elements. Use real butter because of its remarkable food value.

And besides, everybody loves the taste of good butter—sweet flavored butter like Climax. It is churned from carefully selected pasteurized cream, shipped fresh the day after it's made—triple wrapped to protect its flavor. Insist on Climax.

Another Wholesale House Coming to City of Ada

Ada is to have another wholesale house. J. T. Griffin of McAlester, president of the Griffin Grocery company, which maintains wholesale houses at McAlester, Muskogee, Henryetta and Wilburton, was here yesterday and completed plans for the erection of a building on the Katy right of way, between the Katy tracks and the East Main roads and a complete stock of groceries will be placed in the building as soon as it can be built.

The building is to be of brick, 70 feet by 170 feet, facing Main street, and the workmen will commence work on it at the earliest possible date. Mr. Griffin could not say when the company would be ready to start its business here, but said he was anxious to get things going with as little delay as possible.

Katy Men Here Planning to Take Care of Business

Jack Little of Oklahoma City, superintendent of the Oklahoma division of the M., K. & T. Ry., and A. Bryant of Parsons, Kansas, the company's assistant industrial commissioner, were here yesterday, inspecting the Katy tracks and the locations for industries which may wish to establish business houses close to the Katy tracks.

Both gentlemen visited the Carter-Nance-Laselle well, 12 miles northwest of Ada, where the big strike was made two weeks ago and returned to Ada greatly pleased with what they saw and learned. Both expressed their faith in the field and predicted that Ada is destined to become the center of a great oil field.

Mr. Little said to the News that the Katy will be found ever ready to help make Ada the bustling business center which she is capable of making. Several important changes are to be made in the Katy roadbed and train service during the coming summer, between Oklahoma City and Atoka, and these changes will no doubt result in more business being handled by the company.

A MOTHER'S TESTIMONY

San Antonio, Texas.—"One of my daughters has two 'Favorite Prescription' babies of whom she is very proud. She was in very poor health for eight years—could scarcely get around and was not able to do her housework. Doctoring did not seem to help her. Finally she started to take Dr. Pierce's Favorite Prescription and that medicine restored her to perfect health. The babies are fine and healthy and she had practically no suffering. Best of all she is in better health today than ever before."—MRS. SARAH WHITELEY, 307 Shaver St.

FRUIT IS DAMAGED ALL OVER COUNTRY

Severe damage to fruit in virtually all parts of the United States is reported in the bulletin of the United States crop reporting service received Tuesday at the Capitol by the co-operative crop reporting service for Oklahoma. The comment made in the bulletin for fruit conditions in Oklahoma is that grapes are recovering from the Easter freeze and putting forth new growth.

Statements in the bulletin upon fruit in neighboring states are as follows: Kansas: Apples in precarious condition from freeze on April 11 and 12 and snow storm of April 16. Arkansas: Apple crop may be about 12-15 percent of normal; full crop of peaches in the southeastern section; strawberries seriously injured by freeze on March 29.

New Mexico: Damage to fruit was overestimated at first, but exact amount of damage is difficult to determine.

Missouri: Apples, cherries and

plums are severely injured; strawberries are badly injured, but there is possibility of some recovery. Colorado: Cold weather damaged cherries, apricots and peaches, but apples not seriously hurt except in the southwest section.

Two More Railroad Companies Plan to Build Tracks Here

It has been rumored here this week that the Rock Island company and the K. O. & G. company are planning extending their railway lines to this city. Neither of the companies mentioned above have been approached on the subject by the News, but the stories are not at all unreasonable, and it is possible that the extensions will be made.

The Rock Island now has a stub line which runs to Asher, and if the oil field comes in as strong as people are figuring it will come, the increased business secured by the line would pay for the expense of building the extension in a short time.

The K. O. & G. now has a line at Allen and the line could be extended to Ada without a great deal

of expense and would no doubt pay for itself within a short time. If these extensions are made, Ada will be served by five railroads, more, it is said, than any other city in the state can boast, and the resulting advantages will be a great asset, both because of the conveniences which they will bring to the traveling public and to industries which will come to the city which affords the best outlet for the commodities handled.

Santa Fe Official Says Company Needs More Tracks

M. C. Burden of Oklahoma City, division freight agent for the A. T. & S. F. Railway company, was here yesterday looking after com-

pany interests. Mr. Burden spent an hour at the Carter-Nance-Laselle well and returned to Ada with the statement that the Santa Fe must secure more room and build additional tracks to take care of its portion of the new business which will be stimulated by the oil strike.

Mr. Burden said he had great faith in Ada and would report to his company that more room be acquired for the building of additional tracks and for the accommodation of such industries as might desire to build near the Santa Fe tracks.

No race suicide movement in Russia as the Lenin-Trotsky crowd is reducing the population fast enough to suit everybody.

RESOLUTION

WHEREAS, the Board of Education of the City of Ada, of the State of Oklahoma, a body corporate and duly organized and existing as the corporate authority of the city school district comprising said City of Ada and the outlying territory annexed thereto for school purposes, has determined the assessed valuation of said Board of Education for the fiscal year beginning July 1, 1921 and ending June 30th, 1922, is not sufficient by a levy of five mills to create a fund sufficient to provide the funds that will be required to be raised by taxation for the support and maintenance of the schools controlled by said Board of Education for the said fiscal year; and

WHEREAS, It has been determined that an additional levy of 10 mills will be required for such support and maintenance;

NOW, Therefore, BE IT RESOLVED, By said Board of Education that a special election be called for the purpose of submitting to the qualified voters of said school district, comprising said city and territory annexed thereto for school purposes, the question of increasing the levy of said school district in the amount and for the purposes as above set forth.

ADOPTED and approved this 12th day of April, 1921.

L. T. WALTERS, President
Board of Education of the City of Ada, of the State of Oklahoma
ATTEST: MABEL BROWALL, Clerk.

ELECTION PROCLAMATION

Under and by virtue of a resolution, passed by the Board of Education of the City of Ada, State of Oklahoma, at a meeting held on the 12th day of April, 1921, public notice is hereby given:

That a special election is hereby ordered and proclaimed to be held in said school district, comprising said city and the territory annexed thereto for school purposes, on the 17th day of May, A. D., 1921, for the purpose of submitting to the qualified electors of said school district the following proposition:

Shall the levy for the fiscal year beginning July 1st, 1921 and ending June 30th, 1922, for the support and maintenance of the schools of the Board of Education of the City of Ada, of the State of Oklahoma for said fiscal year, be increased above five mills by the amount of 10 mills so as to meet the estimate made and approved?

The Polls shall be opened at 6 o'clock, A. M. and closed at 7 o'clock P. M.

The number and location of the polling places shall be as follows: FIRST WARD—City Hall, Police Court Room.

SECOND WARD—Sudden Service Station, 113 North Broadway.

THIRD WARD—Coleman & Ashby Furniture Store, 206 West Main.

FOURTH WARD—Ada Marble & Granite Works, 217 W. 12th St.

All voters residing outside of the city limits of said city of Ada, State of Oklahoma, and within the territory annexed to this said city for school purposes may vote at City Hall, Police Court Room.

The following named persons are hereby designated to conduct said election:

FIRST WARD—John W. Beard, Judge; C. M. Chauncey and W. A. Alexander, Clerks.

SECOND WARD—T. O. Cullins, Judge; H. E. Rogers, and P. T. Drummond, Clerks.

THIRD WARD—Robert Ellis, Judge; Martin Hively and F. A. Houpt, Clerks.

FOURTH WARD—Lon A. Braly, Judge; R. O. Wheeler and O. J. Davidson, Clerks.

Witness my hand as president of said Board of Education, affixed in the City of Ada, in the State of Oklahoma, this 25th day of April, A. D., 1921.

L. T. WALTERS, President
Board of Education of the City of Ada, of the State of Oklahoma
ATTEST: MABEL BROWALL, Clerk.

PROCLAMATION FOR SPECIAL SCHOOL ELECTION

By virtue of the authority vested in me by the Charter of the City of Ada, and an amendment thereto, adopted at an election held upon the 17th day of March, 1914, and in pursuance to a resolution passed by the Board of Education of the City of Ada, State of Oklahoma at a meeting held on the 12th day of April, 1921, I hereby call a special election to be held in said school district, comprising said City and the territory annexed thereto for school purposes on the 17th day of May, A. D., 1921, for the purpose of submitting to the qualified electors of said school district the following proposition:

Shall the levy for the fiscal year beginning July 1st, 1921 and ending June 30th, 1922, for the support and maintenance of the schools under

the supervision of the Board of Education of the City of Ada, State of Oklahoma, be increased, for the fiscal year aforesaid, above five (5) mills by the amount of ten (10) mills, so as to meet the estimate for said fiscal year and approved?

Said election to be held under the regulations of the Pontotoc County election board according to the provisions of the state election laws and the charter of the City of Ada, Oklahoma.

The designation, number and location of the various polling places shall be as follows:

FIRST WARD—City Hall, Police Court Room.

SECOND WARD—Sudden Service Station, 113 North Broadway.

THIRD WARD—Coleman & Ashby Furniture Store, 206 W. Main St.

FOURTH WARD—Ada Marble & Granite Works, 217 W. 12th St.

All voters residing outside of the city limits of said city of Ada, State of Oklahoma, and within the territory annexed to this said city for school purposes may vote at City Hall, Police Court Room.

The polls to be opened at 6 o'clock, A. M., and remain open until 7 o'clock, P. M. The regularly constituted and authorized election officers as shall be provided for and designated by the county election board of Pontotoc County, State of Oklahoma, will be in charge of said election at said polling places.

Done this 25th day of April, A. D., 1921.

GARY KITCHENS, Mayor
Commissioner of Public Justice and Safety of the City of Ada, Oklahoma

Federal Officers Have Not Arrived to Receive Prisoner

T. M. Smith alias C. R. Roberts, the man who was captured here Saturday of last week while trying to cash a postoffice money order which had been stolen from the Luella, Texas, post office, is still in the county jail, where he is being held pending the arrival of a federal officer to take him in charge.

Notice was received from Kansas City, Sunday, to the effect that an officer would arrive from that city on the following day to receive the prisoner, but he has not arrived here yet.

Sheriff Duncan said today that if the Kansas City officer failed to appear within a day or two he would turn the prisoner over to the federal officers, at Austin, Texas.

Nothing has been learned about the identity of the man and he has failed to give any information with reference to his past. On the day of his arrest Smith alias Roberts said to a representative of the News that his home is at Luella, Texas, the place at which the post office robbery was committed on April 20, but the statement has not been confirmed.

At the Liberty.

The announcement that Mary Pickford will be seen at the Liberty Theatre beginning Monday, May 2, in "The Love Light," a gripping emotional drama, is one that is bound to prove of great interest to her thousands of admirers, since the "World's Sweetheart" announced her policy of avoiding the conventional and hackneyed forms of photoplay, and try not only to advance herself but the motion picture industry as well, her productions have aroused new and unusual interest among the fans.

"The Love Light," is the story of a little Italian girl in an Italian fishing village among the cliffs bordering on the Mediterranean in Northern Italy. How the little girl presides over the family of her orphaned brothers, how a great tragedy comes into her life, the final realization with its accompanying sacrifice, makes not only an unusual story for the screen, but is a startling innovation for Mary Pickford herself.

At the American.

Do cards foretell the future?

They are weirdly prophetic in "The Fortune Teller," the Robertson-Cole Super-Special, starring Marjorie Rambeau, the greatest emotional actress of the American stage, which opens today at the American theatre for a run of two days.

The screen version of the celebrated stage success dealing with motherlove and psychic phenomena is even more powerful than the play, the big scenes of which necessarily were limited by the stage restrictions.

"The Fortune Teller" shows a great actress in a great story, a story filled with tense, dramatic situations. The action is rapid and big scene follows big scene with almost breath-taking swiftness. But the "big scenes" are only "pot-boilers" in comparison with the

truly great moments of the picture which show Miss Rambeau at the very pinnacle of her art.

Whether cards are false or true prophets is a debatable question, but in "The Fortune Teller" they form the basis of a plot inextricably woven with the appeal of motherlove and the mysteries of psychic phenomena.

Notice to Auto Purchasers.

For the benefit of members of the Good Road Motor Club who are contemplating the purchase of an automobile be careful from whom you buy, as the city is full of old cars repaired, driven from surrounding towns where they could not be sold, to be piled upon the market here.

You could not possibly get any service on these cars, as well as

no guarantee could come with them. I advise all members to buy through reputable dealers.

H. B. ROACH, Secretary.

want ada.

For no apparent reason two women of moderate means locked themselves in a suite of three rooms in a Hoboken, New Jersey, hotel and lived there for more than three years. They lived entirely on canned goods ordered by

mail. Rent payments were made by checks thrust under the door. The accumulation of empty cans on the fire escape led to investigation by the health authorities.

Do This Tonight

Watch the quick effects—see the change in a week

Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.

Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.

Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.

End the dingy film

The chief purpose is to fight film. This viscous coat, which you can feel, causes dingy teeth and also most tooth troubles.

Film clings to teeth, enters crevices and stays. The old ways of brushing did not end it. So film-coats night and day threaten serious damage.

Film is what discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing. Despite the daily brushing with old methods, very few escaped them.

Now you can fight it

Dental science, after long research, has found ways to fight that film. Able authorities have proved them effective. Now leading dentists everywhere advise their daily use.

The methods are embodied in Pepsodent, the new-day, scientific tooth paste. Millions of people now use it, and the use is fast spreading the world over.

That is the dentifrice we urge you to try. Your druggist has a free tube for you. Enjoy its effects for ten days, then judge them for yourself.

Also starch and acids

Modern diet makes other things essential. And those essentials are embodied in this scientific tooth paste.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.

It multiplies the alkalinity of the saliva. That is Nature's agent for neutralizing acids which attack the teeth.

Free

At your store this week

This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth. This offer is for one week only. It means much to you and yours. Act now.

An ideal diet would do these same things, but few people get it. So dental science now needs the tooth paste to bring these desired effects.

Pepsodent will daily bring you five great benefits which the old ways did not bring. Together they mean a new era in teeth cleaning.

Men's tobacco stains

Men who smoke stain these film-coats with tobacco. The use of Pepsodent brings them conspicuous effects.

Food stains with women make these film-coats dingy. The glistening teeth seen everywhere now show how Pepsodent removes them.

But children need Pepsodent most. Their teeth are most subject to film and starch attacks. Very few escape them. Dentists advise that they use Pepsodent from the time the first tooth appears.

Watch teeth whiten

The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to your dealer this week. Cut it out now.
